OBJECTIVE

A motivated and enthusiastic fresher seeking an entry-level position where I can apply my skills, learn new technologies, and contribute to the growth of the organization.

SKILLS

- Programming languages (basic): Python, Java
- Web technologies: HTML, CSS, JavaScript
- Database: SQL
- Basic knowledge of ASP.NET and VB.NET
- Clear communication skills
- Presentation and explanation skills
- Problem-solving skills
- Use of teaching aids (PPT, videos, smart board)
- Typewriting

EXPERIENCE

Fresher

PROJECTS

Online Examination Management System
An Online Examination Management System designed to conduct exams digitally, manage student and admin activities, evaluate results automatically, and reduce manual work. The system improves efficiency, accuracy, and accessibility in conducting examinations.

Online Quiz System (Python, SQLite)

- Console-based quiz application where students answer multiple-choice questions and scores are saved in a database.
- Admin menu to add, view and delete questions and view all student results.
- GitHub: github.com/sreebhva/Online_quiz_System

Internship: Python programming
